Randolph Smith
Choice Program Coordinator

Mary Schmitz
Assistant Principal

As part of our Palm Beach Public Orchestral Strings program, we provide supplemental strings classes throughout the week which take place during the regularly scheduled fine arts rotation.

This additional class instruction will be provided by Mr. Smith or one of our Artists in Residence. This is available for your child (at no cost to you) during his/her Fine Arts period. With your permission, your child may participate in this strings class in place of his/her regularly scheduled fine arts class. Mr. Smith will assign your son/daughter what days they will have supplemental strings.

Students may not pick and choose which Fine Arts class they will miss. They must attend all assigned days.

_____ Yes, I would like my child to participate in the supplemental strings classes that take place during his/her fine arts block. I realize that he/she will miss the regularly scheduled fine art class to participate in the additional strings instruction.

_____ My 5th grade child is auditioning for middle school
